BIBLE THOUGHT FOR TODAY

SPEAK THE GOOD WORD:—Heaviness in the heart of man maketh it stoop; but a good word maketh it glad.—Proverbs 12:25.

THE COTTON SITUATION.

The government cotton report for November indicates that the manufacturing end of the industry in the United States is somewhat better than a year ago. The figures show an increase of 2,500,000 in the number of active spindles and an increase of nearly 200,000 bales consumed in November over the November a year ago, or about 40 percent. The increase for the four months of the present cotton year is 300,000 bales above the corresponding period of 1920. Exports for the month were slightly below November, 1920, but the four months period showed an increase of 800,000 bales over the same period of 1920. At this rate domestic consumption for the year will be around 6,000,000 bales and the exports about 6,500,000. This will mean that all of the present crop will be utilized together with a large part of the surplus of the 1920 crop. As the cotton year begins August 1, and as very little is actually moved until a month later, it will be seen that the holdover will amount to very little. If the law of supply and demand holds good, the price should show a substantial improvement.

COUNTERFEIT BOOZE LABELS.

The counterfeiter who used to eke out a scanty diving imitating government treasury notes is now turning his skill to gin a whiskey labels and government bonding stamps. One concern doing a thriving business in these labels has been located in Cleveland. Federal officials believe it is part of a gang which is operating in all parts of the country.

There is now way of telling how long the counterfeiting business has been going on, or how many thousands of cases of bad liquor have been sold under the false labels which the credulous were easily persuaded to accept as final proof that the contents of the bottle were genuine.

None of the liquor sold under the counterfeit labels is fit to drink. Most of it is proved under analysis to be poisonous. Any person who has been congratulating himself because he has been "let in on a good thing," a little of the "real old stuff, bottled in bond—tell by the labels," had better seek the advice of some reputable chemist before he drinks much of his prize package or shares it with his friends.

PRACTICAL SCHOOL WORK.

One week of manual and one of agricultural labor each year are to be included in the school work of the boys and girls of Bulgaria hereafter. White the period designated a little short for much practical experience, the idea is good.

It is excellent for children of all class to become acquainted with the life and labor of others. It is one thing to gain that acquaintance through theory, it is another to get it by practice. It is good for children to work with their hands at the plain tasks of life and for them to have personal familiarity with the common lines of labor upon which the life of the country depends, housework and farm work included. Most countries offer elective educational courses in manual arts, domestic science and agriculture or gardening. Making a little of such work compulsory in each young life would develop a broader and more comprehending citizenship.

THE YEAR OF HEALTH.

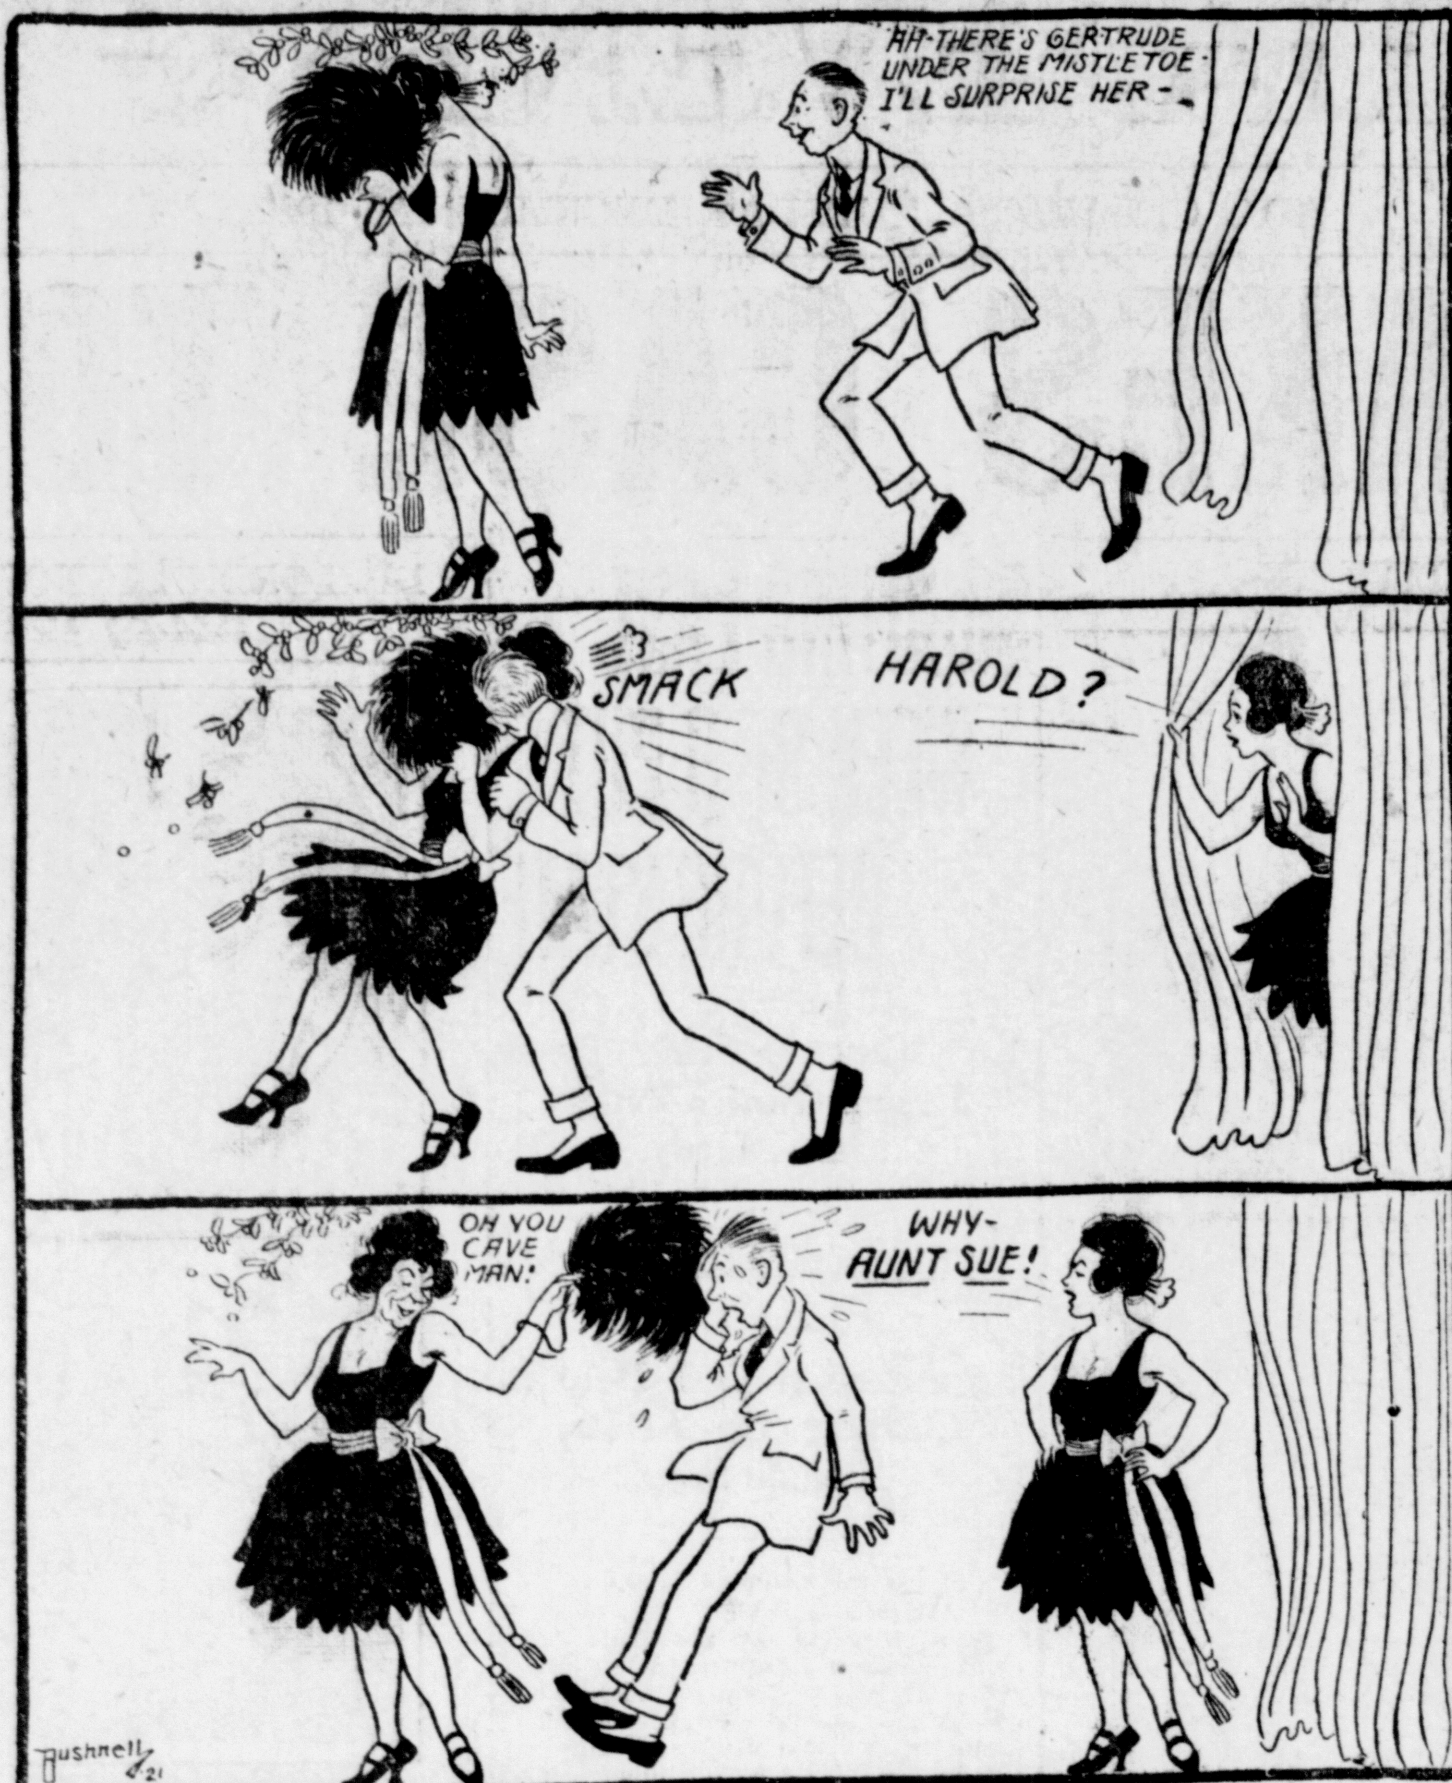

In spite of hard times, or perhaps because of them, the year 1921 will be entered in life insurance annals as the "healthiest ever experienced". This is the cheering assurance of Robert Cox of the Metropolitan Life Insurance company.

According to the records compiled by the company, there were 153,000 fewer deaths in 1921 than in 1920, in the United States and Canada. The statistics covered 27,000,000 lives and reflect fairly well the general improvement in health conditions. Mr. Cox sees in them indications of "the dawn of a material lengthening of the span of human life in the two countries."

Here is definite evidence that the continuous campaigns for public and private health are bearing good results.

Carter county is going through a period of readjustment. For years it has been notorious as the home of criminals and corrupt officials. The law abiding citizens are beginning to demand that the law be enforced. Already two men are dead and others will probably be killed before the trouble is settled. That is the natural result of corrupt officials. Had the officials of Carter county done their duty through the past several years, this state of affairs would not now exist. As we understand it, a few more of the officials now in office in that county must go before law enforcement can become a reality and the respectable citizens not be ashamed to tell where they live.

UNDER THE CHRISTMAS MISTLETOE OR IT'S HARD TO PICK THE YOUNG ONES FROM THE BACK THESE DAYS

The Forum of the Press

Turning Our Coats.

(Holdenville Democrat)
It's worth living this old life just to see the presto changes on the merry-go-round of politics. It is worth a cycle to see our beloved president march up the hill one November and come marching down the next.

How frantically did the old guard leaders call the attention of their ducklings to Washington's warning against foreign entangling alliances and how fervidly did they swear that never so long as they stood guard at the gates of the republic should this nation enter into any league of nations. Never would they permit questions involving the life and fortune and sacred honor of their country to be settled by the votes of England, France and Japan.

But twelve months has wrought a wonderful change over the spirit of Republican dreams. We are entering today a league of nations. We are mired in the quicksands of an entangling alliance. We have joined hand and guns and poisonous gasses with England and France and Japan. We have surrendered our ancient right to determine our own destiny to the king-ruled enemies of American democracy. We have done the very thing and everything that the embattled legions of the G. O. P. swore a year ago should never be done save over the emasculated carcass of every man that ever cheered a high tariff orchestra or responded to the clan call of "Get the money boys."

Between the league covenant of 1920 and the new covenant of 1921 there are two essential differences. The child of Hughes and Harding does not stand guard over so many nations. It was not sponsored by a democratic president. In the first respect it is kin to the distinctions between grand larceny and petit larceny. In the second respect it causes us to shudder when we contemplate the sulphurous language the present accommodation would have aroused if Wilson instead of Harding had called the council at Washington.

Your Color.

(Wichita Daily Times.)

Women should copy the animal kingdom in selecting colors to make their clothing attractive, says Fred H. Daniels, the artist-lecturer.

Daniels advises stout women to wear the dark, subdued colors sported by elephants and whales.

He points out that birds and butterflies have brilliant plumage because they are small. The brightness overcomes their smallness—makes them stand out.

Color magnifies size, in the impression made on the human eye.

Why are bolsheviks known as reds? Why do revolutionists instinctively wave a red flag? Because red, the danger color, expresses mental excitement and unrest. It is the symbol of action—of turmoil. It excites the mind. Red wallpaper causes nervousness, headache, bad temper.

If you doubt red's power to excite, wave a red rag in front of a bull.

Blue is the peaceful color, soothing mind and nerves. Families that quarrel should run strongly to blue in decorating their homes. Blue pacifies.

If nerves are jumpy, surround yourself with green. It rests the eyes and nerves. That's why nature uses it extravagantly—in grass,

trees, plants. Also why eyeshades are green.

People fond of violet or purple incline to be dreamy, temperamental, unusual. A man, dyed purple and placed in a purple room, would soon have indigestion, later insanity.

Yellow is the narcotic color. Makes folks calm, sluggish, satisfied.

Women should know that there is more allurements in the proper use of color than in style, head-dress or cold cream.

Psychologists can glance at the color, shown to be your favorite by your instinctive use of it in clothes, and know your real nature.

Efficiency engineers know that lack of harmony in color destroys ability and handicaps effort.

Select clothing carefully. Use caution when you re-paper your home. Color is good medicine or bad poison.

Last Hour Campaign To Put Seal Drive Over State's Quota

OKLAHOMA CITY, Dec. 20.—(Special)—An eleventh hour whirlwind drive to bring the total in the 1921 Tuberculosis Seal sale in Oklahoma to the \$100,000 mark started over the state Monday, the opening day of the final week of the drive.

According to reports received at the office of the Oklahoma Public Health association, a large percentage of the money is still to be raised. A majority of the counties were counting on this final week, during which streets will be crowded with Christmas shoppers, to put the sale over.

Sale of seals at one cent each from booths, in stores and public buildings by society girls and through school children were to be features of the final drive. Renewed advertising campaigns, four minute talks and personal solicitation were other methods to be put into effect.

Oysters are suffering from a form of "influenza" which is causing much damage to the fisheries in England. It does not affect the edible properties of those oysters which survive.

ADA ENDEAVORERS GO TO VISIT AT CENTER

Thirty members of the Christian Endeavor societies of the Christian and Presbyterian churches, accompanied by Dr. N. P. Patterson and Robert Wimbish, went to Center Sunday to visit the Endeavor Society.

Two or three weeks ago, young people of the different churches at Center organized a union Christian Endeavor society and invited societies in Ada to visit them and

assist in getting the society started. A model society program was conducted by the Ada groups.

After the program, the Christian Endeavor Pledge and the duties of the different officers and committees of the society were discussed. Chairmen of the committees from the two Ada societies were called on to outline duties of their respective committees.

Our service includes skillful repair work on all makes of batteries, you can rely on reasonable advice and reasonable prices here—Kit Carson, Phone 124, 119 North Broadway. 9-15-1mo

Three cases were filed in county court Monday afternoon by the county attorney's office against Lester Bloomenkemper. One alleges the carrying of a weapon and the other two are of pointing a weapon. John Maybon is named as defendant in two charges of selling intoxicating liquor.

HOLIDAY RUSH AT POSTOFFICE OPENS TUESDAY

Ada postoffice felt the first pressure of its annual Christmas rush this morning when an avalanche of packages began drifting into the local office causing Assistant Postmaster Wilbur Lee to move a desk into the office lobby to take charge of insuring parcels.

Although the rush is starting a little later than usual, it was said by postal authorities here that it probably would be but little lighter than in previous years. A heavy traffic in insured parcels was reported today.

There was every indication at noon today that tomorrow would see the postoffice crowded at practically all hours, with the rush increasing Thursday and Friday.

Women have practiced medicine for many years, an important book on the subject having been produced in England during the Middle Ages by St. Holdegarde, a woman.

LIONS DONATE \$50 TO POOR KIDDIES

Club Also Favors Turning Over Fund Collected in Influenza Epidemic.

The Lions at their semi-monthly luncheon today donated \$50 to the Empty Stomach Fund, and the different members showed interest in bringing to the tots of Ada all the joys a glad Christmas should afford.

The club also went on record as favoring the turning over to the United Charities a sum of money which was collected in 1918 to assist in the influenza epidemic and was not used. This amounts to more than \$2,000, according to the report of the committee headed by W. L. Whitaker, W. C. Duncan, as well as others approved the spending of some of this money in relieving conditions in the rural sections as well as in the city. Mrs. Orville Sneed is manager of the United Charities and will have charge of the distribution of food and clothing.

Ball in Address. Rev. J. H. Ball commended the club and the citizenship in general in the attitude towards civic matters and their progressive spirit. He compared Ada with other towns in the state, and showed wherein Ada is superior.

After E. C. Wilson and Walter Wray had urged the support of the Ada Basketball League, a motion was passed setting aside Monday evening, January 2, as Lions day at the basketball games. It is expected on that evening every Lion will be at the Normal gymnasium to see the teams matched in this popular sport.

J. E. Hickman thanked the club for the interest shown in the school Education Week and said he considered the week a decided success. C. V. Gowing urged that the members visit the schools often, as greater contact would help the individuals as well as the schools.

On account of the merchants being busy, the attendance was not as good as usual.

POLLY IS CHOSEN POST COMMANDER

Ada Legion Reorganizes For Big Program of Activity Ahead.

Gib Polly was elected commander of Norman Howard post of the American Legion last night when the local organization for former service men re-organized for the new year. Other officers elected were W. M. Emanuel, vice commander; Mayo McKeown, post adjutant; Bailey Bobbitt, treasurer; Rev. R. A. Hatch, chaplain, and Roy Adair, sergeant-at-arms.

Preliminary plans for an extensive membership campaign, which will begin soon after the new year opens, were laid at the meeting. Renewal of all memberships in the post will be undertaken before new material is sought, according to arrangements.

Organization of the post into lodge form which a regular initiation was another suggestion made which probably will be carried out next year, members of the post intimated.

Norman Howard post has taken up the state Legion movement to extend aid to the fullest possible extent to ex-service men who are incapacitated and without sufficient compensation. Although many posts have adopted this relief plan strictly as a Christmas benevolence idea, it was the sentiment today of local legionnaires that this would in the future be one of the biggest lines of the organization's activity here.

During the past year the local Legion post has engaged in many activities and projects, all with marked success, it was shown, and an even greater chance for service to war veterans, their families, and to the community in general is believed to lie ahead.

Walter Wray, past commander, was presented with a Thirty-Second degree Masonic emblem and Past Post Adjutant Clarence West and Treasurer Bailey Bobbitt were each presented with a fountain pen as a token of the post's appreciation of services during the last year.

The post voted \$10 for the Red Cross Christmas fund. A committee on activities was appointed with Rev. Richard Hatch as chairman. Rev. Hatch addressed a member briefly on stimulating interest in Legion work.

IN SOCIETY

Twenty-five guests, the most of which already have reached Ada, will participate in a family reunion Christmas at the home of Mr. and Mrs. F. H. Gatlin, of 510 West Fifteenth street.

Those who are here now are Mr. and Mrs. F. W. Whitney of Cincinnati, Ohio; Mr. and Mrs. E. G. Gatlin, Mr. and Mrs. L. M. Gatlin, and E. A. Gatlin, of Woodward, Okla. Mr. and Mrs. R. W. White and little daughter Josephine, of Purcell, are expected to arrive in the city within the next few days. A big Christmas dinner will be a feature of the reunion.

Obituary

MRS. W. A. WINGO—Mrs. Laura Wingo, aged 75, died at the family residence, 800 East 10th street, Monday afternoon at 5:30 after a lingering illness of several weeks. The funeral services were held this afternoon at 3:30 Rev. C. C. Morley was officiating at the Rosedale cemetery.

Deceased was a native of South Carolina. She became a member of the Baptist church at the age of 11 years and was a consistent Christian. She was married in South Carolina to Wm. A. Wingo, who died some twelve years ago. To this union eight children, three sons and five daughters were born, seven of whom survive.

ALVA COTNER—Alva, the eight-year-old son of Cleve Cotner and wife of Steedman, died Saturday. The funeral was held Sunday and the body laid to rest at Black Rock cemetery.

A TRIBUTE.

Another mother in Israel has been translated from earth to her home eternal. For years I lived neighbor to Mother Wingo and, like all others who had the good fortune to know her, loved her for her many virtues and deeds of kindness. She rejoiced with those who found happiness in living, sympathized with those who sorrowed, ministered to the sick and not only made her life a benediction to her family and those around her, but by her example did much to inspire others to press forward in spite of difficulties and adversity. Her nature was sunny and hopeful and shed light along pathways of others in their darkest hours. With a true Christian spirit she lived from day to day in such a manner that when the end approached she faced it with serene confidence, knowing that death is only the gateway to a more glorious existence where sorrow is unknown. Her life was a monument to Christian fortitude, which others may well emulate.—A Friend.

Little Change Made In Ginning Figures On County Reports

Season ginning statistics for Pontotoc county showed little change after the report early in November, according to a recent tabulation made public by the Bureau of Census, Department of Commerce.

Total ginning for the county, up to December 1, was 3,592 bales as compared with 26,020 bales for 1920. Jackson county led the state this year with 34,810 bales which was more than twice the amount ginned the previous year.

This report is in running bales, counting round as half bales and excluding linters.

The opium fiend becomes a habitual liar.

A Correction. The News was in error Monday in a story with a Stonewall date line, which referred to P. E. Case as president of the First State bank of Stonewall. Mr. Case, he informs the News, has never been president of the bank or even a director or stockholder. He is going down, however, to reorganize the bank and will probably be president in case it is reopened. The details for reopening are not yet complete, but will likely be completed within a short time.

The red-faced monkey hibernates in the winter.

CALUMET BAKING POWDER SAVES THREE WAYS

—A moderate priced Baking Powder of greatest merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

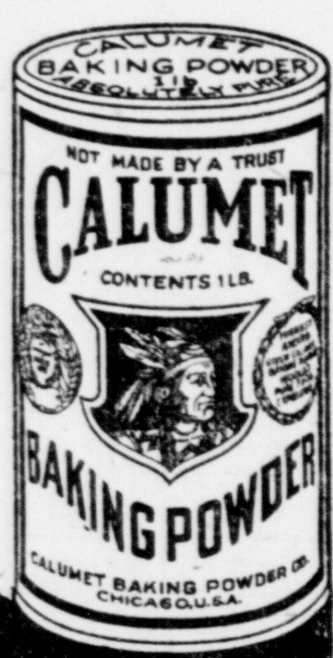

—You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is sure — never fails. That's economy. And true economy—in cost—in use—in time.

One trial will prove it and show you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

—The unflinching strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two teaspoonfuls or more of many other brands.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

Highest Quality

Highest Awards

HAVE YOU NOTICED THIS?

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

SOVIET CONGRESS HAS HEAVY WORK

Extensive Famine Through Velga Region, One Issue Now Paramount.

(By the Associated Press)

MOSCOW, Dec. 20.—Many formidable questions appear on the agenda of the Ninth All-Russian Soviet Congress which is to convene here December 20. Foremost among these is the consideration of the preliminary results of the new economic policy, which abandons Communism to a considerable extent, and the famine which threatens to wipe out millions of Russians in the Volga districts before the next harvest.

It is more than a year since the last meeting of the All-Russian Soviet Congress and the congress has actually become much less important than might be imagined from reading the Soviet constitution. It has over 2,000 members. Village and town Soviets call elections by means of which delegates are selected to attend conventions in provincial capitals which designate the delegates to the Moscow congress.

Voters Limited.
Only workmen, soldiers, sailors and peasants who do not employ any laborers except their own families, are entitled to vote under the constitution. Bolsheviks make no

claim that the elections to the congress are democratic. They frankly call their system a dictatorship of the proletariat and do not pretend that their government has the support of a majority of Russians.

At every session of the All-Russian Soviet Congress a Central Executive Committee of about 200 members is elected which holds office until the next congress is called and is the body in which the chief functions of government are vested by the constitution.

In practice this committee, whose members are scattered all over the Russian republic and federated governments, has been found unwieldy. It is too large to assemble conveniently. By degrees the actual control of affairs shifted to the Council of Commissars, which corresponds to a cabinet, and is under the chairmanship of Nikolai Lenin.

M. Kalenine Presides.
M. Kalenine, who is the legal head of the government and is generally spoken of as President of the republic, will preside over the Ninth All-Russian Soviet Congress by virtue of his position as chairman of the Central Executive Committee of that body. He signs treaties, grants pardons, receives diplomatic representatives and performs other more or less formal tasks, but has no such powers as are vested in the American president.

The calling of the All-Russian Soviet Congress at this time is probably due to the fact that the government desires a formal approval of its changes in economic policy by a more or less representative body.

Leon Trotsky will address the congress concerning the army and military affairs. Lenin will speak on the changed economic policy. Kamenoff will discuss the famine. Chicherin will report on international

relations and Bagdanoff, chairman of the Supreme Economic Council, will discuss the progress of plans for the revival of industries. The re-establishment of agriculture will also be considered.

Sessions of the congress generally last about a week and resemble the national convention of an American political party more than a session of the American congress. Commissars make reports of the work of their departments, the Central Executive Committee makes a report and nominations are made for a new Central Executive Committee, which is promptly elected and the session adjourned.

REDUCED WAGE IS ADDING TO CRIME LONDON DECLARES

LONDON, Dec. 20.—Lower wages and a craze for luxurious living are held accountable by English prison governors for many present-day crimes in a report made by them to the Home Office.

Although crime has dwindled considerably during the past 20 years, the number of prisoners for the year 1920-21 was 49,712, or 9,925 more than in the previous year. The report, however, states that "so small an increase in a year in which there has been much unemployment and industrial unrest is noteworthy."

The governor of Durham prison says:

"A new stamp of offender has sprung into existence. Men and women of respectable antecedents and parentage, in regular employment and in no respects associated with the criminal class, are taking to serious crime with astounding facility."

The suggestion that a spirit of lawlessness acquired by men while on military service is responsible for this is rejected by the governor, on the ground that women in equal proportion of men are the offenders. His explanation is that high wages, once easily earned and more easily spent, are now not obtainable.

Used to "Big Money."

"Men and women, boys and girls," his report states, "have all got used to 'big' money, out of all proportion to the slight effort necessary to obtain it," and he continues: "The economic readjustment of the past year has created a number of discontented, reckless people, who do not realize that they have been living in an artificial wage market, and unconsciously resent the changed conditions of supply and demand, work and play. Money they must have to provide the luxuries and amusements to which they have grown accustomed, so they steal, pilfer and loaf."

The governor of Shrewsbury prison calls attention to the prevalence of thefts on railway and elsewhere, often by men with excellent long service records, and receiving high wages.

A big increase in automobile thefts is mentioned by the governor of Wandsworth prison. It is proposed shortly to introduce recreation classes in male convict prisons and make it possible for convicts to earn by good conduct and industry, the privileges of classes for reading, recitations, lectures and music.

Five million seven hundred and ninety-three thousand seven hundred and thirty-three barrels of beer were consumed in Great Britain during the first three months of this year.

GERMAN BITTERNESS TO YANKS SUBSIDED

COBLENZ, Dec. 20.—Little by little, Coblenz has been taking on an American aspect, with a will and a smile in some respects, but reluctantly and with a frown so far as most of the German population is concerned. The recent formalities of peace apparently did not make a particle of difference either way. Some of the bitterness the Germans showed when the American army marched into Coblenz Dec. 8, nearly three years ago, has subsided.

Coblenz now is one of the liveliest little cities of central, western Europe. Not for the Americans alone, nor the English, French and Belgians, but for the Germans too, and the blinds in the German homes, which were drawn in resentment at the coming of the American have all been raised, regardless of whether the occupants like or disapprove of the occupation forces, and business has tried to such an extent that many a Coblenz merchant has put aside a snug little fortune, as fortunes go in Germany.

American civilians have been pouring into the occupied area for the past two years and a half, thousands for sightseeing purposes and other business missions have kept them here. Then various officers and enlisted men have left the army from time to time to enter business of some kind, and gradually the American colony on the Rhine has grown until today it is estimated there are something like 2,000 civilians from the United States scattered about the Coblenz area. There are "American stores" all

about town but all of them are not owned by Americans. American-made goods are on sale at half the downtown shops, and "English spoken here" greets shoppers in all the principal streets. At the news stands about town the American News, which is the daily newspaper of the Am-

erican Forces in Germany, is on sale as well as daily newspapers from New York and Chicago.

In the streets, during the shopping hours, nearly as much English as German is heard. An American feels quite at home in Coblenz half an hour after he arrives.

Mrs. Barnett Says
She Should Worry
About Moving Day

(By the Associated Press)

MUSKOGEE, Dec. 20.—Offi-
cials at the Indian Agency to-
day professed ignorance over
any contemplated action in the
flight here Sunday night of
Jackson Barnett, the state's
wealthiest Creek Indian and his
white wife, who moved into a
residence on the outskirts of
the city after deserting their
home at Henryetta. It was in-
timated, however, that they ex-
pected Carl J. O'Hornett, of
Henryetta, Barnett's guardian,
to take the first step in the
matter.

It was agreed that O'Hornett,
and the county court of
Oklmulgee county have author-
ity to prevent Barnett from ac-
quiring legal residence in
this county. Officers refused to
comment on the suggestion that
interference with the Barnett's
in the event no attempt was
made to move the administration
of the Indian's estate from
Oklmulgee county to Muskogee
county.

Mrs. Barnett stated that
she had dismissed probable
action from O'Hornett from her
mind. She expressed the hope
that removal to Muskogee would
meet with the approval of the
Indian Agency.

FREAKISH TURN
IN WEATHER IS
HUGE SURPRISE

(By the Associated Press)

OKLAHOMA CITY, Dec. 20.—
Development of a low pressure area
over California and extending west-
ward over the Texas panhandle,
coupled with the disposition of the
high pressure area over the north-
west, not to move south, brought
an upset in the predictions of the
weather man for severe cold wave
for Oklahoma last night and today.
It was announced this morning at
the weather bureau here. The min-
imum temperature in Oklahoma City
this morning was 28 degrees, about
12 degrees higher than had been
forecast.

The probable rain or snow pre-
dicted yesterday by the dispenser
of weather also gave Oklahoma the
slip. However, it was said at the
bureau that cloudy and unsettled
weather, with low temperatures,
could be expected over the state
tonight and Wednesday. The ship-
per's forecast called for tempera-
tures of ten to twenty degrees in the
northern half of the state and 14
to 24 degrees in the southern por-
tion.

GOVERNMENT IS
WINNER MONDAY
IN BIG TRUST SUIT

WASHINGTON, Dec. 20.—The
government today won its suit to
compel members of the American
Hardwood manufacturers associa-
tion to terminate a co-operative
selling methods and agreements al-
leged to have been adopted for the
purpose of eliminating competition,
among themselves and to main-
tain and increase prices.

The government in carrying its
case to the supreme court charged
that the association, consisting of
603 persons and corporations, en-
gaged in the production and selling
of hardwood lumber, combined and
conspired to eliminate competition
among themselves and to increase
their selling prices in restraint of
trade, and that they did this by
comparing and exchanging under
an "open plan".

DEPUTY SHERIFF IS

KILLED IN STRIKE RIOT

SILOUX CITY, Iowa, Dec. 19.—
Deputy Sheriff Lewis R. Jones, 22,
son of Sheriff W. H. Jones, and
Hassen Kaled, a strike sympathizer,
were fatally wounded in a gun fight
early today. Both died in the local
hospital.

ARMORE TAKES CASE
TO GOVERNOR

(Continued from Page One)

Healdton had been arrested and
a murder charge placed against
him because he summoned a doc-
tor for Jeff Smith who was in-
jured. It is alleged, in the Wilson
shooting affray. The pastor stated
that efforts to see the minister or
to get attention to him had failed.
He added that in the year and a
half that he has been in Ardmore,
he has conducted 15 funerals grow-
ing out of gambling and bootleg-
ing activities in the underworld
in Ardmore.

Mayor Heffer of Ardmore, also
a member of the committee, as-
serted that the city police are pow-
erless, to act with the sheriff's
force.

(By the Associated Press)

ARMORE, Dec. 20.—Citizens of
Ardmore were awaiting the result
of reports to Governor J. B. A. Rob-
ertson in connection with the shoot-
ing and killing of three men and
the wounding of a fourth at Wilson
near here, Thursday night. A com-
mittee of 15, selected at a mass
meeting of Ardmore citizens, called
on the governor last night to "tell
the true state of affairs" in this
county.

Sixteen men, fourteen of whom
are charged with murder, are in
jail in connection with the killing.
They are held without bail with no
date set for their preliminary hear-
ings. Many of them are prominent
men of this city.

There was discussion here today
of a statement made public last
night at Houston, Texas, by George
B. Kimbro, Jr., Grand Goblin of the
Ku Klux Klan, for the south-
west, that none of the men under
arrest were members of the Klan.

Policeman Not Member.
Mr. Kimbro also said that a re-
port that C. G. Sims, Ardmore po-
liceman, one of the men killed, was
the "unionally usually worn by the
members of the Ku Klux Klan" was
false. The paraphernalia described
in the news dispatches has never
been worn by klansmen, he said. He
added that he had sent a message
to George H. McCarron of Okla-
homa City, King Kleagle of Oklahoma,
to give every assistance to officials
in cleaning up the crime.

The arrests followed an attack by
masked men upon Joe Carroll at
his home in Wilson, when he was
shot and killed as he answered a
summons to his front door. Carroll's
family then attempted to drive his
assailants away and in the pistol
battle that followed, John Smith, an
alleged member of the band, received
wounds which later proved fatal.
Jeff Smith, who was wounded in the

left leg, was taken to the hospital
under arrest, the other alleged
masked attackers making their es-
cape in two automobiles.

Soon afterwards, the body of C.
G. Sims, an Ardmore policeman,
was found in a field near Wilson.

Klan Works on Mystery.

HOUSTON, Tex., Dec. 20.—Re-
iterating his statements that no one
arrested so far in connection with
the Ardmore tragedy is a member
of the Ku Klux Klan, George B.
Kimbro, Jr., Grand Goblin of the
southwestern division of the Ku
Klux organization, this morning
stated that his personal repre-
sentative in Oklahoma is giving every
possible aid in an effort to unrav-
el the tragedy.

Accommodation for dining and
sleeping, and electric cigarette light-
ers, are provided on a motorbus re-
cently designed by a French firm.

Oklahoma Closest
To Perfect Point
For Americanism

McALESTER, Dec. 20.—"Okla-
homa ranks as one of the nearest
purely American states," according
to the report of Miss Daisy Moody,
state chairman of Americanization
before the Oklahoma Federation of
Women's clubs at their recent an-
nual session here.

Miss Susie Meek, an Indian girl,
addressed the women. She said she
hoped the members would not con-
sider the Indians as foreigners. She
further declared that one-third of
the Indians of the United States
live in Oklahoma.

F. F. BRYDIA, Receiver

CITY RALLIES TO STOCKING DRIVE

Liberal Citizens Respond Generously To Fund For Kiddies.

A report given out this afternoon as to the amount contributed to the Empty Stocking Fund showed that, not including the \$50.00 donated by the Lions Club, that \$33.83 had been put in the stockings in various stores of the city. The Model Clothiers are leading with a total of \$15.55.

"Help Ada's Poor Kiddies Know Santa Claus" has been adopted as the slogan of the Empty Stocking fund and an appeal has been made to all who wish to help these poor kiddies enjoy Christmas, at least a little, to give their money to the fund. Mrs. Orville Snead will have charge of the buying the Christmas joy for the poor kiddies, most of whom will have no other possible way of enjoying the greatest day of the year.

Already contributions to the fund have been liberal but as the Christmas holidays draw nearer it is expected that more big hearted people will help the drive. Stockings were placed in several stores last week, and with the assistance of Harry W. Miller, scout executive, more were placed about the business section today. One was put in each of the four banks, one at Stanfield's, one at the Purity Grocery and Market, one at Wacker's and one at Reed's Store.

Mrs. Snead announced this morning that on account of the fund being smaller than ever before, the kiddies would not know the joy that poor kiddies of this city have known in the past. She wants, however, a list of all kiddies who will not know Christmas joy if not helped by this fund. She requests that those who have not given her address to do so at once. Ages and the number of children in each family and the street address is all that is wanted. No child will be intentionally overlooked, she said.

STATE FIGHTING TAKING INJURED VETS TO TEXAS

OKLAHOMA CITY, Dec. 20.—(Special)—An order from the United States Veterans' bureau transferring all disabled men being treated in Oklahoma hospitals to Texas is being vigorously fought by the American Legion under the direction of Hughes B. Davis of Duncan, state commander. The order provides that all except emergency cases be treated in government hospitals in Texas in the future. The majority of men at the University hospital at Oklahoma City have been sent to Houston, Texas, already.

Harry B. Gilstrap, state service officer of the Legion at Washington, has called on the director of the bureau and is enlisting the aid of the Oklahoma congressional delegation in seeking to have the order revoked.

"The slogan of the American Legion in this state has been at all times 'Oklahoma veterans treated in Oklahoma hospitals,'" Davis said in discussing the order. "We will have bed space for 100 general soldier patients at the University hospital within a few months, and the tubercular sanatorium at Sulphur will be ready shortly thereafter. The order endangers the usefulness of these hospitals for which the Legion fought so hard last spring."

ENGLISH TROOPS TO STAY UNTIL IRISH AGREE

(By the Associated Press)

QUEENSTOWN, Ireland, Dec. 20.—Removal of the British troops, which was to have begun today, has been suspended and they will not be withdrawn unless the treaty is ratified, it was stated here.

Try a News Want Ad for results.

A basketball game is being played next Wednesday night in the interest of this fund and all money over expenses will be given to Mrs. Snead. Stockings have been placed in fourteen different places now and everybody will be given an opportunity to donate to the fund. Personal donations of any amount over a dollar should be mailed to the News Empty Stocking Fund or to Mrs. Orville Snead, with the name of the giver. Remember there are only four more days for this fund.

High Schoolers Slip Down One Notch in Caging League Contest.

One of the hardest contests of the season in the city basketball league came last night in the College gym when the Ada News team defeated the High school. The Teachers college continued its string of victories by taking an easy game from the Cement plant. The score in the News-High school game was 24 to 18. In the other it was 28 to 16.

At the end of the first half the High school was leading by two points. The News squad had put up a good fight, but in the absence of Sherman at center was unable to take the lead. In the second half the News started with a rush but was stopped on a comeback offense by the High school. At the end of the third quarter the score was 18 to 17 in favor of the High school, neither team having taken a lead of more than three points.

The last few minutes of play put the High school out of luck. The News launched an offensive and before the High school could rally, an extra six points had been chalked up. When the closing whistle blew, the High school was still waging a determined battle, but the necessary goal shooting was lacking. At intervals during the game rough playing was featured, but for the most part both teams played good ball. Bentley starred for the News in the last half, taking five goals from the field. Wilsey, Potts and Rayburn were mainstays for the High school.

Thompson's Men Superior.

Thompson's men as usual proved to be more than a match for their opponents and despite an accurate shooting of goals by K. Hensley for the Cement plant, the teachers won by an overwhelming score. Kerr and Smith offered a good game at offensive, while Rogers and Riddle were outclassed by the forwards they were guarding. It was not until after the first quarter however that the teachers got well started, the Cement plant leading until this point of the game.

Little played best ball in the first half, getting five field goals. He was assisted by Evans at guard and Waner and Newton who excelled on offense. A new string of men was used by Thompson in the last quarter. Newton playing best in the last half until he was taken out. Of the seven men used by Thompson, seven got field goals in the last half. Team work was featured by the pedagogs who took advantage of a good lead to get some practice.

Line-up—First Game.

Ada News — Pos. High School
Bentley — F. — Wilsey
Waner — F. — Rayburn
Stinson — C. — Gregg
Craig — G. — Potts

German Colors Were Symbol of Internal War, Hindenburg

(By the Associated Press)

BERLIN, Dec. 19.—Field Marshal von Hindenburg said in a recent interview that the new German colors, black, red and gold ought never to have been adopted, as to him they symbolize the fratricidal warfare in 1866 between Prussian and other German states.

A historian in the Vorwaerts defends the colors of the republican flag on the ground that they date back to medieval times. The emperor Ludwig of Bavaria, it appears, made black, red and gold the colors of his army as far back as 1336.

In 1815, when the first German students' societies were founded, black, red and gold were adopted as the banner of liberty and progress. Reactionary authorities later forbade the colors, but in 1848 they were again adopted as symbolizing German unity. Again they came under the official ban, for Bismarck disliked black, red and gold, and despite strenuous efforts in many quarters to retain them, they were rejected in 1871 as the new German empire's colors. Black, white and red became instead the official German flag.

The writer cites poetry by Heine and Freiligrath at the time of the democratic awakening in Germany some 70 or 80 years ago, when black represented as symbolizing the death of tyranny; red meant blood and gold stood for the sacred flame of freedom.
